Stay home. Stay Safe.

Just when everything was going well, COVID-19 turned the world upside down.

Federal, state and local governments mandated everyone to "shelter in place" and practice "social distancing" by staying 6 feet apart.

Because of that, we stopped going into our school buildings; instead, we did our homework and attended class online. We said goodbye to our teachers, school events were canceled and our winter and spring sports seasons were cut short. We faced a new world of uncertainty.

We were told to constantly wash our hands and nearly bathed ourselves in hand sanitizer. We wore masks and gloves when we went outside. When we went to the store, we noticed empty shelves - especially where there used to be toilet paper. We kept busy by playing board games, going on walks and cooking new recipes...puzzles even made a comeback. We found new ways to virtually communicate with friends. It has been a time in our lives we will never forget.

Our new reality...

Cleaners, hand sanitizers, face masks, gloves, virtual hugs, social distancing, and toilet paper shortages.

The situation with COVID-19 rapidly evolved and our world suddenly changed when the virus struck...

HAPPY
graduation

*To my Granddaughter
 NEVER forget how much
 I Love you
 As you grow older,
 you will face many challenges in life
 Just do your best
 Life isn't about waiting for the storm to pass
 It's about learning to dance in the rain
 Every day may not be good
 But find something good in every day
 Laugh, love, live
 Follow your dreams
 Believe in yourself
 And
 Remember to be awesome
 I'll always be with you
 Love,
 Nan*
