A fundamental premise upon which our heritage of freedom is based is our system of free public education. Our education system provides the proving ground for the inquisitive mind. For twelve years students are given the opportunity to seek knowledge in the schools of America. In these developmental years concepts of man and his universe are formed. Educational freedom provides the key which will unlock the future.

The Beta Club is a fun-loving group, as the photos on these pages indicate, but it is also a hard working club. The two semiformal dances and the baby contest sponsored by the club provided the money to send the thirteen students to Richmond.

The club attempts to be of service to the school also, and it is in this spirit that it makes available to any student the paper-back, inexpensive books sold by the TAB Book Club. Each year at the end of school the club honors outstanding students with the presentation of scholastic letters, and it honors its own Seniors with a gold tassel to wear and a gold seal for their diplomas.

To a group of Senior Beta members, these snapshots are much more than just scenes around the State Capitol. They are reminders of three exciting days and

"Brrr!"

Remember: Things aren't always just as they seem.

two sleepless nights in March, 1965. The occasion was the annual State Beta Convention, held that year in Richmond.

On a cold winter day when one must ride a school bus with no heater for eight hours, the easiest thing to do is sleep. Except for an occasional Rook game, sleep was the order of the day that Sunday on the way back from Richmond. The students pictured here did manage to line up to say "cheese" at the lunch stop at Lynchburg, and at Bastian as shown in the pictures at the far left and right.

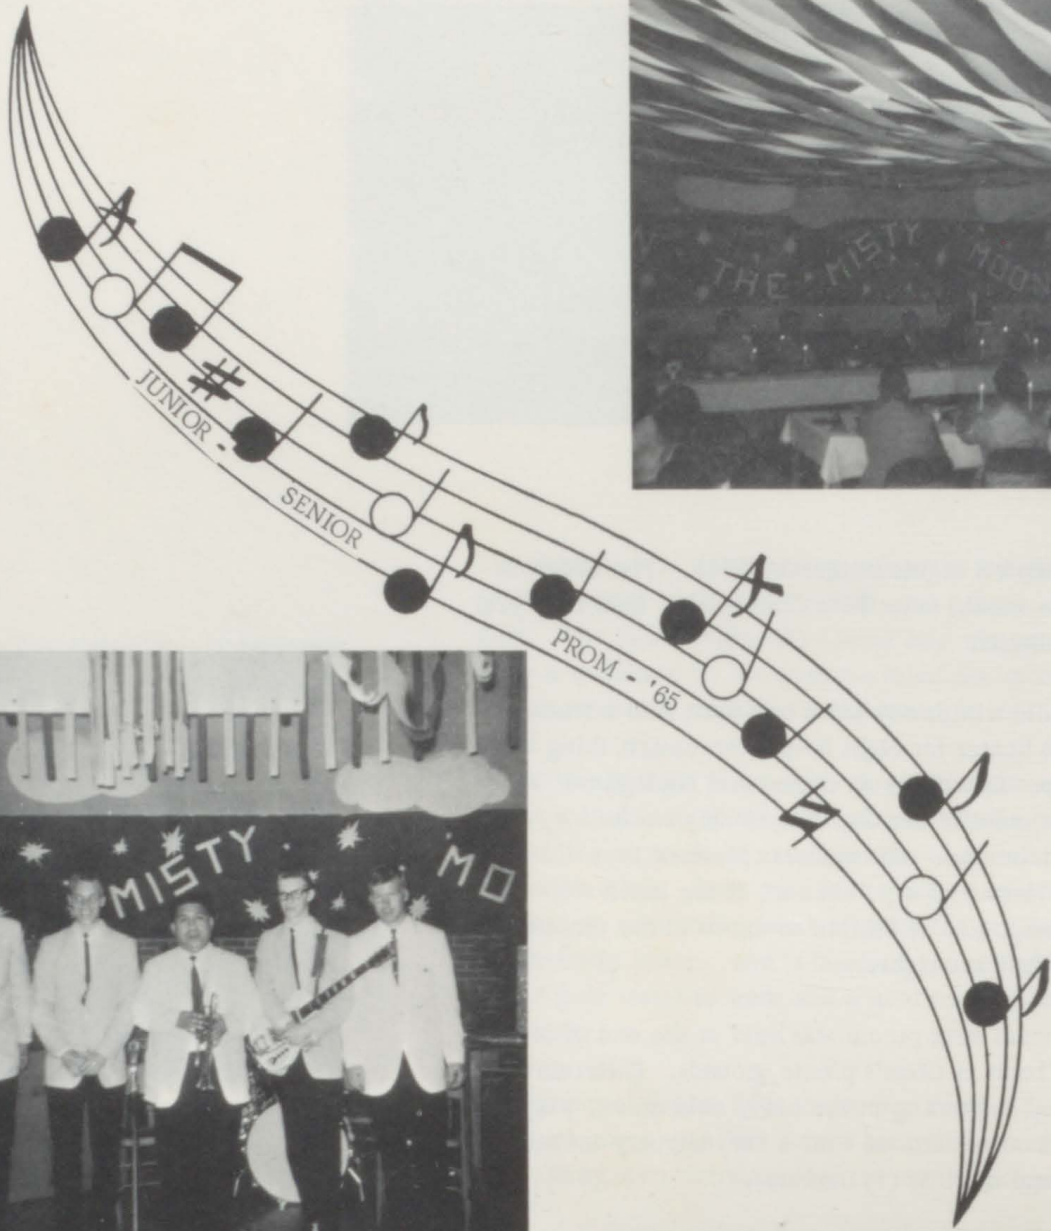

The annual Beta picnic was held at the end of the school term at Gross's picnic grounds. Entertainment included swimming in the cold, cold creek, playing softball on a diamond with a very slippery second base, and musical (?) numbers.

SENIOR TRIP - '65

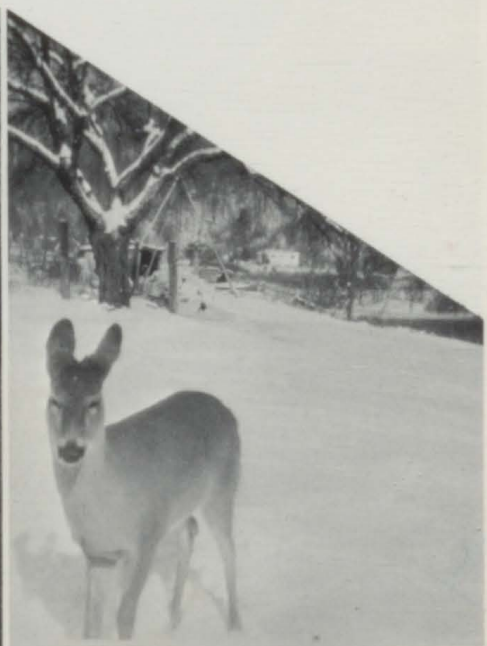

"Bambi"
1964-65 School Pet

Bambi, a little doe who was found in the woods early last fall by hunters, became interested in school at Rocky Gap because she loved children. She enjoyed "sliding" down the halls and going into the classrooms at will. Her favorite spot was the commercial room where she stood amazed at the clicking sound of typewriters and soon was brave enough to touch the keys with her nose.

MOTTO - "Rowing, not drifting"

CLASS COLORS - Black and White

CLASS FLOWER - White Carnation

We, the Seniors of 1966, wish to express our sincere appreciation to the school board, the faculty, and our fellow schoolmates, who have helped us ascertain the goal we now hold - SENIORS. We might not always have been commendable, failure might have seemed our destiny, yet, through your faithfulness, interest, and pleadings, we have marched onward until, at last, our goal has been attained. We have received a valid education which will always be invaluable to us. If we continue to uphold the high standards of ethics, scholarship, leadership, and citizenship taught us, we should have no trouble in making future contributions to our school, community, and country.
