“The McGlothlin Foundation wishes to inspire the award recipients so that they can breathe new life into their classrooms, their peers, and indeed the entire school. It is our intent to find the best teachers who are in the classrooms of our region, actually teaching today. We want to recognize their fine work, reward them for it, and by so doing inspire others to the high qualities they exemplify. Certainly, this award will recognize in a rather significant way what we consider one of the most important professions -- and one with so many unsung heroes.”

--Thomas D. McGlothlin, President
McGlothlin Foundation

Mr. Dodson was chosen the recipient for the 2006 McGlothlin Award for Teaching Excellence. As a winner, he will receive a prize of \$25,000. A stipulation of the award is that \$10,000 be used, within a year, for international travel and/or study to broaden the thinking and experience of the winning teacher.

For your dedication and personal characteristics that inspire our students, we thank you and dedicate the Two Thousand and Seven ROGAHI to you, Mr. John Dodson.

Congratulations

Graduates !

To demand attention from the world, you must do the common things in life in an uncommonly way.

There are many roads we have crossed, many hills we have climbed and so many dreams we have yet to conquer.

Can I quote you?

You gain strength, courage and confidence by every experience in which you really stop to look fear in the face. You must do the thing which you think you cannot do. --Eleanor Roosevelt

Not everything that is faced can be changed, but nothing can be changed until it is faced.
--- James Baldwin

A word to the wise ain't necessary -it's the stupid one that needs the advice.
--Bill Cosby

Never go to bed mad. Stay up and fight.
--Phyllis Diller

Eventually all the pieces will fall into place, but until then, live for the moment, laugh at the confusion, and know that everything happens for a reason.

Don't believe everything you hear, and only half of what you see. -- Jay Fred Hall Sr.

The highest courage is to dare to be yourself in the face of adversity. Choosing right over wrong, ethic over convenience, and truth over popularity...these are choices that measure your life. Travel the path of integrity without looking back, for there is never a wrong time to do the right thing.

--Michael Moore

Talk low, talk slow and don't talk too much. ---John Wayne

Life isn't about the breath you take, but about the moments that take your breath away.

I would rather fail at something I love than succeed at something I hate.

There are only two ways to live your life. One as though nothing is a miracle. The other as if everything is. --Albert Einstein

God grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference.

--Reinhold Niebhr

Be who you are, do what you want to do, say what you want to say, just let yourself be free.

If you don't live for something then you're dying for nothing.

Appreciate yourself by allowing yourself the opportunities to grow, develop, and find true sense of purpose in this life.

Know that everything in this life has purpose. There are no mistakes, no coincidences, all events are blessings given to us to learn from.--Elizabeth Kubler-Ross

I reject your reality and substitute my own. --Adam Savage

All my life I wanted to be someone, I guess I should have been more specific. --Jane Wagner

Every person, all the events of your life are there because you have drawn them there. What you choose to do with them is up to you.

---Richard Back

The best way to show my gratitude to God is to accept everything, even my problems, with joy. ---Mother Teresa

A man is never poor who has friends.

It's not what's happening to you or what has happened in your past that determines who you become. Rather, it's your decisions about what to focus on, what things mean to you, and what you're going to do about them that will determine your ultimate destiny. --Anthony Robbins

I hear and I forget. I see and I remember. I do and I understand. ---Confucius
